Front yard building setback lines are hereby established as shown on this plat, between which lines and the property lines of the street, there shall be erected or maintained no building or structure, except as in conformance with the requirements of the Whitley County Zoning Ordinance.

A perpetual easement is hereby granted to any private or public utility or municipal department, their successors and assigns, within the area shown on the plat and marked "Utility Easement," to install, lay, construct, renew, operate, maintain and remove conduits, cables, pipes, poles and wires, overhead and underground, with all necessary braces, guys, anchors and other equipment for the purpose of serving the subdivision or adjoining property with telecommunication, electric, gas, sewer, and water service as a part of the respective utility systems, and the right is hereby granted to enter upon the lots at all times for all of the purposes aforesaid.

The owners of land over which a Regulated Drain Easement right-of-way runs may use the land in any manner consistent with Indiana Code 36-9-27 and the proper operation of the drain. Permanent structures may not be placed on any right-of-way without the written consent of the Whitley County Drainage Board. Temporary structures may be placed upon or over the right-of-way without the written consent of the Board, but shall be removed immediately by the owner when so ordered by the Board or by the County Surveyor. Crops grown on a right-of way are at the risk of the owner, and if necessary, in the reconstruction or maintenance of the drain, may be damaged without liability on the part of the surveyor, the Board, or their representatives. Trees, shrubs, and woody vegetation may not be planted in the right-of-way without the written consent of the Board, and trees and shrubs may be removed by the surveyor, if necessary, to ensure the proper operation or maintenance of the drain.
