

The request submitted by Michael and April Cornyn in September, 2022 needs the following clarifications:

- The constructed structure will be our full-time residence
- A water well will be drilled and a new sewer system tap will be made
- The exterior of the proposed building will use material similar to surrounding residential homes
- The proposed 2500' sq ft foot-print building will cover 24% of the 10,496 sq ft property
 - Lots 28, 29, 30 and 31 – 209.92' x 50'
- A possible floor plan is shown below with present and requested easement requirements
